

Official websites use .gov A .gov website belongs to an official government organization in the United States. Secure .gov websites use HTTPS A lock ( ) or https:// means you've safely connected to the .gov website. Share sensitive information only on official, secure websites. The NHSN Healthcare Associated Infections (HAI) checklists were developed by the National Healthcare Network (NHSN) subject matter experts (SMEs) as a tool to aid Infection Preventionists and other users when making a determination about a healthcare-associated infection. The HAI checklists should not be used in isolation, but in conjunction with the Patient Safety Manual. Please note all NHSN HAI criteria for each respective module is listed in a single document. Use the scroll bar to locate the criterion of interest. It is our hope that the checklists will assist with your surveillance efforts. The 2023 NHSN HAI Checklists are intended for use with the 2023 Patient Safety Component (PSC) Manual. Please follow the links below when using the 2023 checklists. The 2022 NHSN HAI Checklists are intended for use with the 2022 Patient Safety Component (PSC) Manual. Please follow the links below when using the 2022 checklists.
